porter series

The Porter collection offers clean, contemporary design lines and enough options to create the image you are looking for.

A perfect blend of design, quality and functionality, Porter will add value to any healthcare space... value for the patient, the patient's family members and of course, value for the care giver.

To substantiate this, we direct you to the choices Porter offers: (2) Top Styles, (2) Face Styles and (2) Base Styles, allowing you to create the cabinet that is most functional for the environment into which it is being placed.

Top may be specified with or without the spill-containment feature.

Face may be specified with finger pulls or with attractive crescent pull.

Base can be specified with post legs or (4) locking casters. Either choice allows for easy cleaning of the floor around the cabinet. The single-wheel rubber caster provides smooth, quiet transport and a clean, contemporary appearance.

Drawer/door bedside cabinet on post legs.
