

vista II

seating for behavioral health

vista II bh

Constructed of attractive oval tubing and an easy-to-clean one-piece contoured seat and back, Vista II Behavioral Health chairs are strong, exceptionally comfortable and safe. The collection consists of arm and armless models available in two seat widths – 18" and 22". Armless models are available with 4 post legs or sled base.

The breadth of the Vista II BH collection means it can be used in many applications including common areas, dining rooms, patient rooms and group therapy environments.

Features

- Limited Lifetime Warranty
- 14-gauge oval-tube steel frame
- All fasteners are tamper-resistant
- Steel seat pan conceals upholstery staples and adds weight
- Simple one-piece seat/back is comfortable and easy to clean
- Nylon glides are non-removable and protect floors from damage

Options

- Custom frame finishes
- Bolt-to-floor brackets
- CAL TB 133 Compliance
- Moisture Barrier
